# **OverlandCare Support Programs**

As the trusted global provider of primary, nearline, offline and archival data storage solutions, Sphere 3D (formerly Overland Storage/Tandberg Data) delivers SnapServer, SnapScale, SnapSAN, NEO and RDX data management and backup solutions that are backed by world-class service and support. OverlandCare uplift and extension support offerings serve as a complement to the standard OverlandCare product warranty associated with each Sphere 3D product, ensuring that our customers have the optimal level of service and support required to meet their particular needs.

¹ OverlandCare uplift part numbers/pricing are valid when purchased within 90 days of the initial hardware purchase.
² OverlandCare extension part numbers/pricing are valid when purchased 91+ days after the initial hardware purchase or as a renewal for an expired warranty.
³ Response time based on geographical proximity to Sphere 3D service center. Although standard part numbers and pricing apply to Zone 1 coverage, uplifts for zones outside the standard coverage areas are available. Sphere 3D may, at is sole discretion, determine if a defect can be repaired one of the following ways; 1) remotely, 2) by the shipment of a customer replaceable unit (CRU) part and customer performing a self-service repair, or 3) by a service call at the location of the defective unit.
⁴ Availability during business hours only for OverlandCare Broace, Silver, and Gold levels. 24x7 availability for OverlandCare Platinum level only.
